Health Professions Student Loan Program

AGENCY: Public Health Service, HHS.

ACTION: Final regulations.

SUMMARY: This rule revises existing regulations governing the Health Professions Student Loan (HPSL) program to conform those regulations with amendments made to sections 740-747 of the Public Health Service (PHS) Act (the Act) by the Health Professions Reauthorization Act of 1988. This rule

also revises the regulations to conform with amendments made to the Act by the National Health Service Corps Revitalization Amendments of 1990, the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1990, the Compact of Free Association Act of 1985, and makes other changes which are technical or clarifying in nature.

EFFECTIVE DATE: These regulations are effective April 26, 1991.

FOR FURTHER INFORMATION CONTACT: Mr. Bruce Baggett, Chief, Student and Institutional Support Branch, Division of Student Assistance, Bureau of Health Professions, Health Resources and Services Administration, Parklawn Building, room 8-34, 5600 Fishers Lane, Rockville, Maryland 20857; telephone number: 301 443-4776.

SUPPLEMENTARY INFORMATION: The HPSL program is governed by sections 740-747 of the PHS Act. Section 740 of the Act authorizes the Secretary to enter into an agreement with any public or private nonprofit school of medicine, osteopathic medicine, dentistry, pharmacy, podiatric medicine, optometry, or veterinary medicine to operate a student loan fund for the purpose of making loans to eligible students. The loan fund consists of at least 1 institutional dollar for every 9 Federal dollars. The institution is responsible for determining eligible recipients, making loans, and collecting loan repayments from borrowers. Regulations governing the HPSL program are codified at 42 CFR part 57, subpart C.

The Health Professions Reauthorization Act of 1988 (title VI of Pub. L. 100-607), enacted on November 4, 1988, made amendments to sections 740-747 of the PHS Act. Other amendments which affect the HPSL program have been made in recent years by the National Health Service Corps Revitalization Amendments of 1990 (Pub. L. 101-597), the Department of the Interior and Related Agencies Act for Fiscal Year 1990 (Pub. L. 101-121), and the Compact of Free Association Act of 1985 (Pub. L. 99-239). The amendments to part 57, subpart C, set out below, implement the amendments made by those Acts literally. In addition, a few technical changes are included that (1) bring the regulations into line with current Department regulatory policies, and (2) provide current Office of Management and Budget approval numbers in those sections which contain information collection requirements.

The amendments are described below according to the sections of the HPSL regulations which they affect.

Section 57.202 Definitions

1. The Department is amending the definitions of "grace period" and "health professions school" by revising the reference to schools of "podiatry" to read "podiatric medicine", in accordance with Public Law 100-607.

2. The Department is amending the definition of "National of the United States" to add the United States Code citation where this term is defined.

3. The definition of "State" is amended by inserting after the "Trust Territory of the Pacific Islands" "(the Republic of Palau), the Republic of the Marshall Islands, and the Federated States of Micronesia", in accordance with the Compact of Free Association Act of 1985.

Section 57.206 Eligibility and selection of Health Professions Student Loan Applicants

The Department is revising the words "medical and osteopathic" before the words "student", "students", or "applicants" in paragraph (b) introductory text and paragraph (c) to read "medical (M.D. and D.O.)", in accordance with Public Law 100-607.

The Department also is deleting the citation in paragraph (b)(1) "and published under 34 CFR 674.13", since it is no longer used by the Department of Education. The need analysis methodologies are now authorized under part F of title IV of the Higher Education Act of 1965, as amended.

The Department also is revising paragraph (a)(1)(i) to include those entities, as reflected in the revised definition of "State", in which an applicant may be determined eligible to apply for a loan, in accordance with Public Law 99-239, the Compact of Free Association Act of 1985.

Section 57.208 Health Professions Student Loan Promissory Note and Disclosure Requirements

In accordance with Public Law 100-607, the Department is amending paragraph (a)(1) of this section by reducing the maximum interest rate charged on health professions student loans from 9 percent to 5 percent.

Section 57.210 Repayment and Collection of Health Professions Student Loans

In accordance with Public Law 100-607, the Department is amending paragraph (a)(2) of this section by expanding the deferment provision to exclude from the 10-year repayment period all periods during which a borrower is pursuing a full-time course

of study at an eligible health professions school.

Section 57.212 Repayment of Cancellation of Loans for Practice in a Health Manpower Shortage Area

In accordance with Public Law 101-597, the National Health Service Corps Revitalization Amendments of 1990, the Department is amending the term "health manpower shortage area" to read "health professional shortage area" in the section heading and in paragraphs (a) introductory text and (a)(3).

Section 57.213 Continuation of Provisions for Cancellation of Loans Made Prior to November 18, 1971

In accordance with Public Law 100-607, the Department is revising the word "osteopathy" to read "osteopathic medicine" in the first sentence of the section text.

Additionally, a room number is being added to the address listed at the end of the section text.

Section 57.216 Nondiscrimination

The Department is revising the heading and format listing of the Code of Federal Regulations (CFR) citations in this section to reflect current standard departmental policy language. The revised heading is entitled, "What Additional Department Regulations Apply to Schools?" Additionally, a new CFR citation is being added to the regulations, in accordance with Public Law 101-121, section 319, the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1990, enacted on October 23, 1989, and a notice and interim-final rule, published in the *Federal Register* on February 26, 1990 (55 FR 6736), to bring this grant program into compliance with governmentwide requirements established under 45 CFR part 93 for this Department.

Regulatory Flexibility Act and Executive Order 12291

The Department believes that the resources required to implement the requirements in these regulations are minimal in comparison to the overall resources of health professions schools. Therefore, in accordance with the requirements of the Regulatory Flexibility Act of 1980, the Secretary certifies that these regulations will not have a significant impact on a substantial number of health professions schools.

The Department also has determined that this rule is not a major rule under Executive Order 12291; therefore, a regulatory impact analysis is not

required. In addition, the rule will not exceed the threshold level of \$100 million established in section (b) of Executive Order 12291.

Justification for Omitting Notice of Proposed Rulemaking

Since these amendments are technical and ministerial in nature, the Secretary has determined pursuant to 5 U.S.C. 553 and departmental policy, that it is unnecessary and impractical to follow proposed rulemaking procedures or to delay the effective date of these regulations.

Paperwork Reduction Act

The Health Professions Student Loan regulations contain information collections which have been approved by the Office of Management and Budget under the Paperwork Reduction Act of 1980 and assigned control numbers 0915-0044, 0915-0046, 0915-0047, 0915-0074, and 0915-0094. BILLING CODE 4160-01-M

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 64

[Docket No. FEMA 7512]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If FEMA receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the *Federal Register*.

EFFECTIVE DATES: The third date ("Susp.") listed in the third column.

FOR FURTHER INFORMATION CONTACT: Frank H. Thomas, Assistant Administrator, Office of Loss Reduction, Federal Insurance Administration, (202) 646-2717, Federal Center Plaza, 500 C Street, Southwest, Room 417, Washington, DC 20472.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP), enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4022), prohibits flood insurance coverage as authorized under the National Flood Insurance Program (42 U.S.C. 4001-4128) unless an appropriate public body adopts adequate floodplain

management measures with effective enforcement measures. The communities listed in this notice no longer meet that statutory requirement for compliance with program regulations (44 CFR part 59 et. seq.). Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the *Federal Register*. In the interim, if you wish to determine if a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Insurance Rate (FIRM). The date of the FIRM if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Disaster Relief Act of 1974 not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area of communities not participating in the NFIP and identified for more than a year, on the Federal Emergency Management Agency's initial flood insurance map of the community as having flood-prone areas. (Section 202(a) of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), as amended.) This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column.

The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives a 6-month, 90-day, and 30-day notification addressed to the Chief Executive Officer that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications have been made, this final rule may take effect within less than 30 days.

Pursuant to the provisions of 5 U.S.C. 605(b), the Administrator, Federal Insurance Administration, FEMA, hereby certifies that this rule if promulgated will not have a significant economic impact on a substantial number of small entities. As stated in section 2 of the Flood Disaster Protection Act of 1973, the establishment of local floodplain management together with the availability of flood insurance decreases the economic impact of future

flood losses to both the particular community and the nation as a whole. This rule in and of itself does not have a significant economic impact. Any economic impact results from the community's decision not to (adopt) (enforce) adequate floodplain management, thus placing itself in noncompliance with the Federal standards required for community participation. In each entry, a complete

chronology of effective dates appears for each listed community.

44 CFR Part 64

[Docket No. FEMA 7513]

List of Communities Eligible for the Sale of Flood Insurance

AGENCY: Federal Emergency Management Agency.

ACTION: Final rule.

SUMMARY: This rule identifies communities participating in the National Flood Insurance Program (NFIP). These communities have applied to the program and have agreed to enact certain floodplain management measures. The communities' participation in the program authorizes the sale of flood insurance to owners of property located in the communities listed.

EFFECTIVE DATE: The dates listed in the fourth column of the table.

ADDRESSES: Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurance Program

(NFIP) at: Post Office Box 457, Lanham, Maryland 20706, Phone: (800) 638-7418.

FOR FURTHER INFORMATION CONTACT: Frank H. Thomas, Assistant Administrator, Office of Loss Reduction, Federal Insurance Administration, (202) 646-2717, Federal Center Plaza, 500 C Street, SW., room 417, Washington, DC 20472.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP), enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Since the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for property in the community.

In addition, the Director of the Federal Emergency Management Agency has identified the special flood hazard areas in some of these communities by publishing a Flood Hazard Boundary Map (FHBM) or a Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fifth column of the table. In the communities listed where a flood map has been published, section 102 of the Flood Disaster Protection Act of 1973, as amended, requires the purchase of flood insurance as a condition of Federal or federally related financial assistance for

acquisition or construction of buildings in the special flood hazard area shown on the map.

The Director finds that the delayed effective dates would be contrary to the public interest. The Director also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

The Catalog of Domestic Assistance Number for this program is 83.100 "Flood Insurance."

Pursuant to the provisions of 5 U.S.C. 605(b), the Administrator, Federal Insurance Administration, to whom authority has been delegated by the Director, FEMA, hereby certifies that this rule, if promulgated will not have a significant economic impact on a substantial number of small entities. This rule provides routine legal notice stating the community's status in the NFIP and imposes no new requirements or regulations on participating communities.
