Extension of Comment Period on Draft Environmental Impact Statement

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice of the extension of the comment period on a Draft Environmental Impact Statement.

SUMMARY: The Office of Surface Mining Reclamation and Enforcement of the United States Department of the Interior is extending the public comment period on the Draft Environmental Impact Statement OSM-EIS-29 for the Proposed Revision to the Permanent Program Regulations Implementing section 522(e) of the Surface Mining Control and Reclamation Act of 1977. The comment period is being extended to coincide with the comment period for a proposed revision to the permanent program regulations addressing the definition of valid existing rights recently published in the **Federal Register**.

DATES: The comment period on the Draft Environmental Impact Statement is extended until 5 p.m. Eastern time on October 16, 1991.

ADDRESSES: Copies of the Draft Environmental Impact Statement may be obtained by contacting the Branch of Environmental and Economic Analysis, Office of Surface Mining, 1951 Constitution Avenue, NW., room 5415-L, Washington, DC 20240; Telephone (202) 343-1476 or (FTS) 343-1476.

Written comments may be hand delivered to the Office of Surface Mining, Administrative Record, room 5131, 1100 L St. NW., Washington, DC; or mailed to the Office of Surface Mining, Administrative Record, room 5131-L, 1951 Constitution Avenue, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Andrew DeVito, Branch of Environmental and Economic Analysis,

Office of Surface Mining, 1951 Constitution Avenue, NW., room 5415-L, Washington, DC 20240; Telephone (202) 343-5150 or (FTS) 343-5150.

SUPPLEMENTARY INFORMATION: On April 19, 1991 (56 FR 16111), the Office of Surface Mining Reclamation and Enforcement (OSM) published a notice of availability of the Draft Environmental Impact Statement OSM-EIS-29 (DEIS) for a Proposed Revision to the Permanent Regulations Implementing Section 522(e) of the Surface Mining Control and Reclamation Act of 1977 (SMCRA), 30 U.S.C. 1201 *et seq.* On June 6, 1991 (56 FR 26144) and August 1, 1991 (56 FR 26144) OSM extended the public comment period on the DEIS until August 5, 1991 and September 16, 1991, respectively. OSM is again extending the public comment period so that it will coincide with the comment period for the proposed revision to the permanent program regulations published in the **Federal Register** on July 18, 1991 (56 FR 33152). The proposed revisions to the permanent program regulations addresses the issues of valid existing rights (VER) found under section 522(e) of SMCRA.

Section 522(e) of SMCRA prohibits, subject to VER, surface coal mining operations on lands within units of the National Park System; the National Wildlife Refuge System; the National System of Trails; the National Wilderness Preservation System; the Wild and Scenic Rivers System, including study rivers designated under section 5(a) of the Wild and Scenic River Act; and National Recreation Area designated by act of Congress. In addition, surface coal mining operations for which it has not been determined that the owner has VER are prohibited (with certain exceptions) if the will adversely affect places listed on the National Register of Historic Places or any publicly owned park or if they are within a National Forest. Such operations also are prohibited within 100 feet of cemeteries and public roads and within 300 feet of occupied dwellings, public buildings, schools, churches, and public parks. The DEIS describes the environmental impacts that might result from amending the permanent program regulations at 30 CFR part 761 that concern VER. The regulatory options for the VER rulemaking are presented as alternatives in the DEIS which considers the cumulative and site-specific effects on the quality of the human environment that might occur as a result of coal mining under the various alternatives.

The DEIS also describes the environmental impacts that would result from amending regulations that address the application of the prohibitions of section 522(e) of SMCRA to the subsidence effects of underground coal mining. Commenters should be aware that since the issuance of the DEIS, the issue of whether and to what degree subsidence is covered by the mining prohibitions set forth in section 522(e) of SMCRA, has been resolved. See the Notice of Inquiry published on July 18, 1991 (56 FR 33170).

This notice designates nationals of Somalia for Temporary Protected Status.

EFFECTIVE DATE: This designation is effective on September 16, 1991 and will remain in effect for 12 months from September 16, 1992.

FOR FURTHER INFORMATION CONTACT: Michael T. Jaromin, Senior Immigration Examiner, Immigration and Naturalization Service, room 5250, 425 I Street, NW., Washington, DC 20536, telephone (202) 514-0106.

Notice of Designation of Nationals of Somalia For Temporary Protected Status

Pursuant to section 244A(b)(1)(C) of the Act, the Attorney General finds that there exist extraordinary and temporary conditions in Somalia that prevent aliens who are nationals of Somalia from returning to Somalia in safety. The Attorney General further finds that permitting nationals of Somalia to remain temporarily in the United States is not contrary to the national interest of the United States. Accordingly, it is ordered as follows:

(1) Somalia is designated under section 244A(b) of the Act and national of Somalia may apply for Temporary Protected Status.

(2) The Attorney General estimates that there are no more than 2,000 Somalian nationals currently in non-immigrant or unlawful status who are eligible for Temporary Protected Status.

(3) Except as specifically provided in this notice, an application for Temporary Protected Status submitted by a national of Somalia must be filed pursuant to the provisions of 8 CFR part 240.

(4) A fee of fifty dollars (\$50.00) for each Application for Temporary Protected Status, Form I-821, filed by a national of Somalia will be required at the time of filing with the Immigration and Naturalization Service.

12-month period of designation from September 16, 1991 to September 16, 1992.

(6) Pursuant to section 244A(b)(3) of the Act, this designation shall be reviewed by the Attorney General at least 60 days before the end of the initial period of designation, and of any extended period of designation, to determine whether the conditions for such designation continue to exist. Notice of each such determination by the Attorney General, including the basis for the determination, shall be published in the **Federal Register**.

(7) Information concerning the Temporary Protected Status for nationals of Somalia will be available at local Immigration and Naturalization Service offices upon publication of this notice.

Sara Lee Knitting Products, Floyd, VA; Revised Determination on Reconsideration

On August 30, 1991, the Department, issued an Affirmative Determination Regarding Application for Reconsideration for workers of Sara Lee Knitting Products, Floyd, Virginia. The notice will soon be published in the **Federal Register**.

The initial investigation resulted in a negative determination issued on July 31, 1991. The notice of negative determination was published in the **Federal Register** on August 13, 1991 (56 FR 38468).

The workers at Floyd produced mainly sweatshirts.

New findings, on reconsideration, show that the Floyd plant closed in August 1991 when all remaining production workers were laid off. Other findings show that machinery used in the manufacturing of sweatshirts was moved from the Floyd plant to a contractor in Mexico to produce sweatshirts and that Sara Lee Knit Products increased its imports of sweatshirts from Mexico in 1991.

Conclusion

After careful consideration of the new

facts obtained on reconsideration, it is concluded that increased imports of articles like or directly competitive with sweatshirts contributed importantly to the decline in sales and to the total or partial separation of workers at Sara Lee Knitting Products, Floyd, Virginia. In accordance with the provisions of the Trade Act of 1974, I make the following revised determination:

All workers of Sara Lee Knitting Products, Floyd, Virginia who became totally or partially separated from employment on or after January 1, 1991 and before September 8, 1991 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this day of September 6, 1991.

Director, Office of Legislation & Actuarial Services, Unemployment Insurance Service.

Union City Body Co., Inc. Union City, IN; Negative Determination Regarding Application for Reconsideration

By an application dated August 8, 1991, both the company and the United Auto Workers Local #49 requested administrative reconsideration of the Department's denial of trade adjustment assistance for workers at Union City Body Company, Inc., Union City, Indiana. The denial notice was published in the **Federal Register** on July 24, 1991 (56 FR 33943).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

Its claimed that imports of cheaper, more economical trucks have adversely affected sales, production and employment at the subject firm since a substantial amount of Union City's sales in 1991 were light trucks for "mom and pop" owners in the vending market.

Investigation findings show that the subject firm has an exclusive contract
