[Docket No. CP93-750-000]

Western Resources, Inc. and Southern Union Co.; Application

October 8, 1993.

Take notice that on September 30, 1993, Western Resources, Inc. (WRI), 818 Kansas Avenue, Topeka, Kansas 66601, and Southern Union Gas Company (Southern Union), 504 Lavaca, Suite 800, Austin, Texas 78701, hereinafter referred to jointly as Applicants, filed jointly in Docket No. CP93-750-000 an application pursuant to section 7(c) of the Natural Gas Act for authorization for Southern Union to acquire all but one portion of WRI's local distribution system and gas transmission system, located within Missouri, all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicants request authorization for WRI to sell its Western Missouri properties to Southern Union and to transport gas in interstate commerce on a no-fee exchange basis with each other. Applicants request authorization to partially vacate WRI's 7(f) certificate, issued by the Commission in Docket No. CP89-485-000, authorizing WRI's service area determination, to reflect the sale of the western Missouri properties to Southern Union. Applicants also request that Southern Union be authorized to transport gas to serve WRI's former customers in western Missouri. It is stated that WRI will continue to own and operate facilities and serve customers in eastern Missouri, Kansas and Oklahoma. Applicants request that the Commission waive its filing requirements under part 154 of the Commission's Regulations and find that the non-jurisdictional status of WRI's and Southern Union's facilities and operations remains unaffected. It is asserted that no

disruption of service would result as a result of the sale of facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 29, 1993, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for WRI or Southern Union to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

Office of Hearings and Appeals

Issuance of Decisions and Orders During the Week of August 30 Through September 3, 1993

During the week of August 30 through September 3, 1993, the decisions and orders summarized below were issued with respect to appeals and applications for other relief filed with the Office of Hearings and Appeals of the Department

of Energy. The following summary also contains a list of submissions that were dismissed by the Office of Hearings and Appeals.

Appeal

L.K. Seymour, 8/31/93, LFA-0285

L.K. Seymour filed an Appeal from a determination issued by the Director of Personnel (Denying Official) of the Department of Energy in response to a request that Mr. Seymour submitted under the Freedom of Information Act (FOIA) and Privacy Act. In that determination, the Denying Official released responsive documents and responded that other documents which might have been responsive to his FOIA/Privacy Act request had been destroyed. The DOE found that the Director of Personnel had conducted a search reasonably calculated to uncover the material that Mr. Seymour requested and that no other responsive information existed. Therefore, Mr. Seymour's Appeal was denied.

Refund Applications

Daley Corporation, 9/3/93, RF272-25971, RD272-25971

The DOE issued a Decision and Order granting an Application for Refund filed by Daley Corporation, a highway and bridge construction company, in the Subpart V crude oil refund proceeding. A group of States and Territories (States) objected to the application on the grounds that the applicant was able to pass through increased petroleum costs to its customers. In support of their objection, the States submitted an affidavit of an economist stating that, in general, the road construction industry was able to pass through increased petroleum costs. The DOE determined that the evidence offered by the States was insufficient to rebut the presumption of end-user injury and that the applicant should receive a refund. The DOE also denied the States' Motion for Discovery, finding that discovery was not warranted where the States had not presented evidence sufficient to rebut the applicant's presumption of injury. The refund granted to the applicant in this Decision was \$26,605.

Enron Corp./ Waterloo Service Company, 9/3/93, RF340-188

The DOE issued a Decision and Order concerning a refund application that Waterloo Service Company (WSC) had submitted in the Enron Corporation (Enron) special refund proceeding. The DOE found that WSC is an agricultural cooperative operating for the benefit of its common shareholder/patrons. WSC

previously received a refund of \$778,632 for volumes of Enron propane that it resold to its member customers, and had requested an additional refund amount for volumes resold to non-member customers. The DOE found that since WSC had been required to pass through on a dollar for dollar basis the refund arising from product sold to its members, WSC had not directly benefitted from the end-user presumption of injury that served as the basis for granting that refund. The DOE therefore determined that it was appropriate to permit WSC to use the medium range reseller presumption of injury with respect to its sales of product to non-members. Accordingly, the DOE granted WSC an additional refund of \$23,417 based on its total purchases from Enron that were resold to non-member customers.

Texaco Inc./Barry Connell Colonial Truck Stop, 8/31/93, RF321-16208 RF321-19842

The DOE issued a Decision and Order modifying a refund that had been granted to Richard Sporck and his representative, Wilson, Keller & Associates, on behalf of Colonial Texaco. In the course of investigating a possible conflict between Mr. Sporck's application and one filed by Barry Connell, the OHA found that the Texaco-generated printout documenting purchases of 3,737,436 gallons submitted by Mr. Sporck in support of his application was for Mr. Connell's outlet. Mr. Sporck was able to document Texaco purchases by Colonial of 2,434,271 gallons from an indirect supplier. Therefore, the DOE directed Mr. Sporck and Wilson, Keller & Associates to remit \$1,959, the excess portion of Colonial's refund, plus additional interest. Mr. Connell was granted a refund of \$5,618 (\$4,111 principal plus \$1,507 interest).

Texaco Inc./Campbell's Run Texaco, McIntyre & Snyder Texaco, Campbell's Run Texaco, 9/2/93, RF321-38, RF321-19781, RF321-19782

The DOE issued a Decision and Order in the Texaco Inc. refund proceeding concerning Applications for Refund filed by Charles McIntyre and Earl Snyder who were partners in two Texaco retail outlets. The DOE found that because of this common ownership, both outlets should be considered together in determining the appropriate presumption level. Under the medium-range presumption of injury, the total principal refund for both stations was \$10,000, to be divided equally between

the two partners. Mr. McIntyre was accordingly granted a refund of \$5,000 plus interest, and Mr. Snyder, who had already received a principal refund of \$3,090 with respect to one of the stations, was granted an additional refund of \$1,910, plus interest.

Texaco Inc./Hall's Texaco, 8/31/93, RF321-5656

The DOE issued a Decision and Order denying an Application for Refund filed by James L. Hall in the Texaco Inc. Subpart V special refund proceeding on behalf of Hall's Texaco. It was determined that Mr. Hall was a consignee for a Texaco branded jobber, Lee Oil Company. As a consignee for Lee Oil Company, Mr. Hall was paid a fixed per gallon commission amount for any Texaco product he sold at his retail station and he did not actually purchase the product from Lee Oil Company. Because Mr. Hall was not a customer or consignee of Texaco, but instead a consignee of Lee Oil Company, the DOE determined that he could not have been affected by Texaco's alleged overcharges. Accordingly, Mr. Hall's Application for Refund on behalf of Hall's Texaco was denied.

Texaco Inc./Hicone Texaco, 9/3/93, RF321-18938

The DOE issued a Decision and Order denying an Application for Refund filed by Robert Robinson in the Texaco Inc. Subpart V special refund proceeding on behalf of Hicone Texaco. It was determined that Mr. Robinson was a consignee for a Texaco branded jobber, Lee Oil Company. As a consignee for Lee Oil Company, Mr. Robinson was paid a fixed per gallon commission amount for any Texaco product he sold at his retail station and he did not actually purchase the product from Lee Oil Company. Because Mr. Robinson was not a customer or consignee of Texaco, but instead a consignee of Lee Oil Company, the DOE determined that he could not have been affected by Texaco's alleged overcharges. Accordingly, Mr. Robinson's Application for Refund on behalf of Hicone Texaco was denied.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared September 27, 1993 through October 1, 1993 pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at (202) 260-5076.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in the Federal Register dated April 10, 1993 (58 FR 18392).

Draft EISs

ERP No. D-BLM-K65200-NV Rating EC2, Tonopah Resource Area, Resource Management Plan, Implementation, Battle Mountain District, Nye and Esmeralda Counties, NV.

Summary

EPA expressed environmental concerns due to potential impacts to surface water quality the need for additional information in the FEIS on best management practices and water quality monitoring. Bureau of Land Management should consult with the State of Nevada's Division of Environmental Protection in order to ensure the protection of water quality and beneficial uses.

ERP No. D-NIH-D81022-MD Rating LO1, William H. Natcher Building, Phase II Construction and

Consolidation, Located on National Institutes of Health Bethesda Campus, Funding and NPDES Permit, Montgomery County, MD.

Summary

EPA had no objections to the preferred alternative.

ERP No. DS-AFS-L65155-00 Rating EC2, Northern Spotted Owl Management Plan, Updated Information concerning Late-Successional and Old Growth Forest Related Species Within the Range of the Northern Spotted Owl, OR, WA and CA.

Summary

EPA supported the basic features in the preferred alternative but had environmental concerns regarding implementation of future activities. EPA requested additional information and clarification about: the criteria and process for adjusting riparian reserves; the minimum physical, chemical, and biological monitoring needed for implementation; a framework for incorporating non-federal lands into the implementation plan; a summary of major tasks, agency/group roles, budget, and timeliness for implementation; and air quality effects from prescribed burning.

Final EISs

ERP No. F-AFS-F65019-MN Superior National Forest Land and Resource Management Plan, Adoption of Boundary Waters Canoe Area (BWCA) Wilderness Management Plan, Implementation, Cook, Lake and St. Louis Counties, MN.

Summary

EPA had no objections to the preferred alternative.

ERP No. F-AFS-L40181-ID Salmon River Road Improvement Project, Development Road No. 30 from North Fork to Corn Creek, Salmon National Forest, North Fork Ranger District, Custer and Lemhi Counties, ID.

Summary

EPA had no objections to the preferred alternative as it is described in the final EIS.

ERP No. F-AFS-L65191-OR Santiam Pass Demo Project, Harvesting Timber and Road Construction, Willamette National Forest, McKenzie Ranger District, Linn County, OR.

Summary

EPA expressed environmental concerns about potential water quality impacts and requested additional information on how the unified forest plan relates to the proposed Santiam Pass Demo project.

ERP No. F-COE-K36098-CA Prado Dam Water Conservation Plan Implementation, Prado Flood Control Basin, Santa Ana River, Riverside and San Bernardino Counties, CA.

Summary

Review of the Final EIS was not deemed necessary.

ERP No. F-FRC-E03005-00 Florida Gas Transmission Phase III Expansion Project, Construction and Operation, Special Use Permits, Section 10 and 404 Permits and NPDES Permit, extending through FL, AL, MS and LA.

Summary

EPA had two principal areas of concern. The first was about the failure of the Federal Energy Regulatory Commission (FERC) to translate general staff recommendations into specific commitments or license conditions in the final FEIS. The second was about FERC's plans to hire environmental inspectors to oversee project monitoring rather than to monitor the work directly.

ERP No. FS-BLM-K65062-NV Egan Resource Management Plan (RMP), Oil and Gas Leasing Amendment, Updated Information, Implementation, Ely District, White Pine, Lincoln, and Nye Counties, NV.

Summary

Review of the Final Supplemental EIS was not deemed necessary.

ERP No. FS-DOE-K03007-CA Petroleum Production at Maximum Efficient Rate, Naval Petroleum Reserve No. 1 Continued Operation, Updated Information, Elk Hills, Kern County, CA.

Summary

EPA expressed environmental concerns remained unresolved in the FSEIS and recommended that the DOE's Record of Decision contain appropriate commitments to resolve these issues. Unresolved issues included the need for: An updated Biological Opinion from US Fish and Wildlife Service; analysis of the effects of oil-field chemicals on wildlife, protection of drinking water supplies, and the potential need for a Clean Air Act conformity determination.

Program Exclusions: September 1993

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of September 1993, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, Maternal and Child Health Services Block Grant and Block Grants to States for Social Services programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party.
