Bureau of the Census

[Docket No. 931106-3306]

Annual Retail Trade Survey

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of determination.

SUMMARY: In accordance with title 13, United States Code, sections 182, 224, and 225, I have determined that the Census Bureau needs to collect data covering annual sales, year-end inventories, purchases and accounts receivables to provide a sound statistical basis for the formation of policy by various government agencies. These data also apply to a variety of public and business needs. This annual survey is a continuation of similar surveys that we have conducted each year since 1951 (except 1954). It provides, on a comparable classification basis, annual sales, purchases of merchandise and accounts receivable balances for 1993, and year end inventories for 1992 and 1993. These data are not available publicly on a timely basis from nongovernmental or other governmental sources.

FOR FURTHER INFORMATION CONTACT: Ronald Piencykoski or Dorothy Engleking on (301) 763-5294.

SUPPLEMENTARY INFORMATION: The Census Bureau is authorized to take surveys necessary to furnish current data on the subjects covered by the major censuses authorized by title 13, United States Code. This survey will provide continuing and timely national statistical data on retail trade for the period between economic censuses. The 1992 Economic Censuses are currently being tabulated. The data collected in this survey will be within the general

scope and nature of those inquiries covered in the economic census.

The Census Bureau will require a selected sample of firms operating retail establishments in the United States (with sales size determining the probability of selection) to report in the 1993 Annual Retail Trade Survey. We will furnish report forms to the firms covered by this survey and will require their submissions within thirty days after receipt. The sample will provide, with measurable reliability, statistics on the subjects specified above.

This survey was cleared by the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act, Public Law 96-511, as amended, under OMB Control No. 0607-0013. We will provide copies of the form upon written request to the Director, Bureau of the Census, Washington, DC 20233.

Based upon the foregoing, I have directed that an annual survey be conducted for the purpose of collecting these data.

Dated: November 22, 1993.

Harry A. Scarr,

Acting Director, Bureau of the Census.

Foreign-Trade Zones Board

[Docket 56-3]

Foreign-Trade Zone 59—Lincoln, Nebraska Proposed Expansion of Subzone 59A, Kawasaki Motors Manufacturing Corporation, U.S.A. Plant (Motorcycles, Jetskis, All Terrain Vehicles) Lincoln, NE

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Lincoln Foreign-Trade Zone, Inc., grantee of FTZ 59, requesting authority to expand the boundary of FTZ Subzone 59A at the Kawasaki Motors Manufacturing Corporation, U.S.A. (KMMC) plant in Lincoln, Nebraska. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 22, 1993.

Subzone 59A was approved by the FTZ Board in 1980 for the manufacture of motorcycles, jet skis and four wheel all terrain vehicles (Board Order 163, 45 FR 58637, 9/4/80). The subzone currently consists of two sites in Lincoln, Nebraska: *Site 1* (43 acres)—manufacturing facilities located within KMMC's 305-acre manufacturing plant site, 6600 NW. 27th Street; and, *Site 2* (14,472 sq. ft.)—warehouse, located at 4725 N. 56th Street.

The applicant is now requesting authority to expand the boundary of *Site 1* to include KMMC's entire 305-acre plant site. The expansion area is currently undeveloped, but a new warehouse facility is planned. The application also requests that *Site 2* be deleted from the subzone boundary. No request for additional manufacturing authority is being made at this time.

In accordance with the Board's regulations (as revised, 56 FR 50790-50808, 10-8-91), a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. International Trade Administration

[A-533-08]

Antidumping Duty Order: Certain Stainless Steel Wire Rods from India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 1, 1993.

FOR FURTHER INFORMATION CONTACT: Bill Crow, Office of Antidumping Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230; telephone: (202) 482-1116.

Scope of Order

For purposes of this investigation, certain stainless steel wire rods (SSWR) are products which are hot-rolled or hot-rolled annealed and/or pickled rounds, squares, octagons, hexagons or other shapes, in coils. SSWR are made of alloy steels containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. These products are only manufactured by hot-rolling and are normally sold in coiled form, and are of solid cross-section. The majority of SSWR sold in the United States are round in cross-section shape, annealed and pickled. The most common size is 5.5 millimeters in diameter.

The SSWR subject to this investigation are currently classifiable under subheadings 7221.00.0005, 7221.00.0015, 7221.00.0020, 7221.00.0030, 7221.00.0040, 7221.00.0045, 7221.00.0060, 7221.00.0075, and 7221.00.0080 of the *Harmonized Tariff Schedule of the United States* (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this investigation is dispositive.

Antidumping Duty Order

In accordance with section 735(a) of the Tariff Act of 1930, as amended (the Act), on October 12, 1993, the Department of Commerce (Department) made its final determination that certain SSWR from India are being sold at less than fair value (58 FR 54110, October 20, 1993). On November 23, 1993, in accordance with section 735(d) of the Act, the U.S. International Trade Commission (ITC) notified the Department that such imports materially injure a U.S. industry.

Therefore, in accordance with section 736 of the Act, the Department will direct Customs officers to assess, upon further advice by the administering authority pursuant to section 736(a)(1) of the Act, antidumping duties equal to the amount by which the foreign market value of the merchandise exceeds the United States price for all entries of certain SSWR from India. These antidumping duties will be assessed on all unliquidated entries of certain SSWR from India entered, or withdrawn from warehouse, for consumption on or after August 5, 1993, the date on which the Department published its preliminary determination notice in the *Federal Register* (58 FR 41729). On or after the date of publication of this notice in the *Federal Register*, Customs officers must require, at the same time as importers would normally deposit estimated duties, the following cash deposits for the subject merchandise.

Manufacturers/Producers/Exporters	Margin Percentage
Mukand Ltd.	48.80
Sunstar Metals Ltd.	48.80
Grand Foundry Ltd.	48.80
All Others	48.80

In its final determination, the Department found that critical circumstances exist with respect to exports of SSWR from India. However, on November 23, 1993, the ITC notified the Department that retroactive assessment of antidumping duties is not necessary to prevent recurrence of material injury from massive imports over a short period. As a result of the ITC's determination, pursuant to section 735(c)(3) of the Act, we shall order Customs to terminate the retroactive suspension of liquidation and to release any bond or other security and refund any cash deposit required under section 733(e)(2) with respect all entries of subject merchandise entered, or withdrawn from warehouse, for consumption prior to August 5, 1993.

This notice constitutes the antidumping duty order with respect to

certain stainless steel wire rods from India, pursuant to section 736(a) of the Act. Interested parties may contact the Central Records Unit, room B-099 of the Main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This order is published in accordance with section 736(a) of the Act and 19 CFR 353.21.

Dated: November 24, 1993.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

United States-Canada Free-Trade Agreement, Article 1904 Binational Panel Reviews; Completion of Panel Review

AGENCY: United States-Canada Free-Trade Agreement, Binational Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of completion of panel review of the final determination made by the Canadian International Trade Tribunal respecting gypsum board originating in or exported from the United States of America. (Secretariat File No. CDA-93-1904-02).

SUMMARY: This notice is effective November 22, 1993, the 31st day following the filing of a consent motion to terminate the binational panel review of this matter.

FOR FURTHER INFORMATION CONTACT: James R. Holbein, United States Secretary, Binational Secretariat, suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the United States-Canada Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from the other country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1989, the Government of the United States and the Government of Canada established Rules of Procedure for

Article 1904 Binational Panel Reviews ("Rules"). These Rules were published in the *Federal Register* on December 30, 1988 (53 FR 53212). The Rules were amended by Amendments to the Rules of Procedure for Article 1904 Binational Panel Reviews, published in the *Federal Register* on December 27, 1989 (54 FR 53165). The Rules were further amended and a consolidated version of the amended Rules was published in the *Federal Register* on June 15, 1992 (57 FR 26698). The panel review in this matter was conducted in accordance with these Rules, as amended.

Background

On February 23, 1993, The National Gypsum Company (Gold Bond Building Products Division) filed a Request for Panel Review with the Canadian Section of the Binational Secretariat pursuant to Article 1904 of the United States-Canada Free Trade Agreement. Panel review was requested of the final affirmative injury determination made by the Canadian International Trade Tribunal respecting Gypsum Board originating in or exported from the United States of America. Notice of this determination was published in the *Federal Register* on January 30, 1993. The Binational Secretariat assigned Secretariat File No. CDA-93-1904-02 to this request.

Rule 73(2) of the Article 1904 Panel Rules provides, in pertinent part, that, "where all participants file Notices of Motion requesting termination, the panel review is terminated." A Consent Motion requesting termination was received from all participants on October 21, 1993. Pursuant to Rule 80(c) of the Article 1904 Panel Rules, the panel review in this matter was completed on the 31st day following the day on which the panel review was terminated (November 22, 1993).

Dated: November 24, 1993.

James R. Holbein,

United States Secretary, FTA Binational Secretariat.
