Federal Emergency Management Agency

**Fee for Services to Support FEMA's
Offsite Radiological Emergency
Preparedness (REP) Program; Notice**

**FEDERAL EMERGENCY
MANAGEMENT AGENCY****Fee for Services to Support FEMA's
Offsite Radiological Emergency
Preparedness (REP) Program**

AGENCY: Federal Emergency
Management Agency (FEMA).

ACTION: Notice.

SUMMARY: In accordance with FEMA's interim rule, 44 CFR part 354, published in the Federal Register on July 1, 1993 (58 FR 35770), FEMA has established a fiscal year (FY) 1993 hourly rate of \$122.88 for assessing and collecting fees from Nuclear Regulatory Commission (NRC) licensees for services provided by FEMA personnel for FEMA's REP Program.

DATES: The user fee hourly rate is effective for FY 1993 (October 1, 1992 to September 30, 1993).

FOR FURTHER INFORMATION CONTACT: Linda Vasta, Chief, Regulatory Services Coordination Unit, Preparedness, Training and Exercises Directorate, Federal Emergency Management Agency, Washington, DC 20472 (202) 646-4570.

SUPPLEMENTARY INFORMATION: As authorized by Public Law 102-389 (106 Stat. 1571-1619), an hourly user fee rate of \$122.88 will be charged to NRC licensees of commercial nuclear power plants for all site-specific and generic services provided by FEMA personnel for FEMA's REP Program under the interim rule, 44 CFR part 354, published in the Federal Register on July 1, 1993, 58 FR 35770. All funds collected under this rule will be deposited in the U.S. Department of the Treasury to offset appropriated funds obligated by FEMA for its REP Program.

The hourly rate is established on the basis of the methodology set forth in the referenced FEMA interim rule at 44 CFR 354.4(a), "Determination of costs for FEMA personnel," and will be used to assess and collect fees for site-specific and generic services rendered by FEMA personnel. For FY 1993, the total Salaries and Expenses funds obligated for FY 1993 was \$5,893,031.94 and the total number of site-specific hours expended was 47,958.5. Applying the formula set forth in the interim rule, the FY 1993 hourly rate is \$122.88.

The establishment of this hourly rate is intended only to address charges for

services provided by FEMA personnel, not charges for services provided by FEMA contractors. Contractor services will be charged under the interim rule at 44 CFR 354.4 (b) and (c) for the recovery of appropriated funds obligated for the Emergency Management Planning and Assistance (EMPA) portion of FEMA's REP Program budget.

In light of FEMA's reorganization, effective November 28, 1993, and the NRC's reexamination of its own user fee policy and rule, which FEMA used as a model for its interim rule, FEMA does not plan to publish a final rule at this time. Comments submitted in response to the publication of the interim rule, including those addressing the determination of the hourly rate and its use in assessing user fees, will be addressed and incorporated in either a final rule or a new proposed rule.

Dated: December 3, 1993.

Deputy Associate Director.
