(3) Providing related investment advisory services.

Applicant proposes to conduct these activities throughout the United States. Section 4(c)(8) of the BHC Act provides that a bank holding company may, with Board approval, engage in any activity which the Board, after due notice and opportunity for hearing, has determined (by order or regulation) to be so closely related to banking or managing or controlling banks as to be a proper incident thereto.

The Board previously has approved acting as an FCM in executing, clearing, and providing investment advisory services with respect to the proposed financial commodities contracts. See, e.g., *National Westminster Bank PLC*, 78 Federal Reserve Bulletin 953 (1992); *The Sanwa Bank, Limited*, 77 Federal Reserve Bulletin 64 (1991); *The Hongkong and Shanghai Banking Corporation*, 76 Federal Reserve Bulletin 770 (1990). Applicant has stated that it will conduct the proposed activities using the same methods and procedures and subject to the same prudential limitations established by the Board in its previous orders, including the conditions and limitations set forth in §§ 225.25(b)(18) and (19) of the Board's Regulation Y (12 CFR 225.25(b)(18) and (19)).

The Board has not previously approved the brokering of futures contracts or options on futures contracts on behalf of customers for execution and clearance by non-affiliated FCMs. Applicant contends that the proposed brokering activities are virtually identical to the FCM execution, clearance, and investment advisory activities previously approved by the Board, and are similar to services that banks currently provide their customers. Accordingly, Applicant believes that the proposed futures brokerage activities are closely related to banking within the meaning of section 4(c)(8) of the BHC Act.

Applicant also believes that the proposed activities will benefit the public by promoting competition. Applicant also believes that approval of

this application will allow Company to provide a wider range of services and added convenience to its customers. Applicant believes that the proposed activities will not result in any unsound banking practices or other adverse effects.

In publishing the proposal for comment, the Board does not take a position on issues raised by the proposal. Notice of the proposal is published solely in order to seek the views of interested persons on the issues presented by the application and does not represent a determination by the Board that the proposal meets, or is likely to meet, the standards of the BHC Act.

Any comments or requests for hearing should be submitted in writing and received by William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, Washington, DC 20551, not later than April 9, 1993. Any request for a hearing on this application must, as required by § 262.3(e) of the Board's Rules of Procedure (12 CFR 262.3(e)), be accompanied by a statement of the reasons why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

This application may be inspected at the offices of the Board of Governors or the Federal Reserve Bank of Chicago.

Board of Governors of the Federal Reserve System, March 8, 1993.

Jennifer J. Johnson,

Associate Secretary of the Board.

### Indian Health Service

#### Tribal Management Program for American Indians/Alaska Natives: Grants Application Announcement

**AGENCY:** Indian Health Service, HHS.

**ACTION:** Final funding priorities.

**SUMMARY:** The Indian Health Service (IHS) announces final funding priorities for Tribal Management Grants for American Indians/Alaska Natives, under the authority of section 103(b)(2) of the Indian Self-Determination and Education Assistance Act, Pub. L. 93-

638, as amended by Pub. L. 100-472, 25 U.S.C. 450h(B)(2).

Proposed funding priorities were published for public comment in the Federal Register on November 23, 1992, at 57 FR 54986. Five comments were received during the 60-day comment period.

**COMMENTS AND RESPONSE:** A majority of comments recommended that the five priorities be allocated equal funds and that each proposal be ranked according to merit within that funding priority. Another respondent recommended that the priority system be abolished and that each proposal be ranked and funded according to rank. A final comment was that a reasonable amount of the total funding available be allocated to each priority.

The Tribal Management Grant Program assists tribes and tribal organizations to assume operation of all or part of an existing IHS health care program by enabling them to develop and maintain their management capabilities. However, the demand for tribal management funds has exceeded available resources over the last several years, e.g., in fiscal year 1992, the IHS had 22 applications that were approved but not funded because of lack of funds. The proposed funding priorities are designed to assure competition for the limited funds available for this program purpose. In accordance with the program purpose, the funding priorities place emphasis on: newly recognized tribes; tribes with a stated intent to contract IHS direct operated health care programs; first time applicants; tribes evaluating Federal programs serving them; and Public Law 93-638 contractors seeking to improve current programs without additional contracts. The IHS believes that the priority system best meets the intent of the program. Therefore, the proposed funding priorities will be retained with clarification.

**Priority I—An Indian tribe that has received Federal recognition (new, restored, unterminted, funded or unfunded) within the past three (3) years and is preparing to contract under Public Law 93-638 to assume operation of health care services. (Verification of documents is required, e.g., Letter of Acknowledgement).**

**Priority II—An Indian tribe or Indian tribal organization currently contracting with IHS, with a stated intention to contract all or part of an existing IHS direct operated service unit health program. Applicants meeting this profile must have current certified management systems, e.g., BIA, IHS or CPA certified; and resolutions of**

support from the tribes affected in a multi-tribal service unit.

**Priority III—An Indian tribe or Indian tribal organization stating an interest in contracting IHS health programs for the first time. Applicants meeting this profile must have current certified management systems, e.g., BIA, IHS or CPA certified; or respond to a specific time period within the first quarter of the grant period to establish certified management systems to be receiving Federal funds.**

**Priority IV—An Indian tribe or Indian tribal organization stating an interest in planning, designing, monitoring, and evaluating Federal health programs serving the tribe, including Federal administration functions.**

**Priority V—An Indian tribe or Indian tribal organization currently contracting IHS tribal programs, e.g., Community Health Representative program, Alcohol programs, Emergency Medical Services, etc., and are seeking improvement or expansion of existing tribal health management structure without further contacting.**

**FOR FURTHER INFORMATION CONTACT:** For Tribal Management Grant program information contact Ms. Bea Bowman, Division of Community Services, Indian Health Service, Parklawn Building, Room 6A-05, 5600 Fishers Lane, Rockville, Maryland 20857, (301) 443-6840. This program is described at 93.228 in the Catalog of Federal Domestic Assistance. Executive Order 12373 requiring intergovernmental review is not applicable to this program.

**SUPPLEMENTARY INFORMATION:** In accordance with 56 FR 23789 (May 24, 1991) and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Judy Breitman, Division of Health Facilities Planning, U.S. Public Health Service, HHS, room 17A-10, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 56 FR 23789 (May 24, 1991).

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to James N. Forsberg at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the *Federal Register*, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: U.S. Army: Robert Conte, Dept. of Army, Military Facilities, DAEN-ZCI-P; Rm. 1E671, Pentagon, Washington, DC 20310-2600; (703) 693-4583; (This is not a toll-free number).
