

national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this final rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

For the reasons discussed above, I certify that this action (1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A final evaluation has been prepared for this action and it is contained in the Rules Docket. A copy of it may be obtained from the Rules Docket at the location provided under the caption ADDRESSES.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration amends 14 CFR part 39 of the Federal Aviation Regulations as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. App. 1354(a), 1421 and 1423; 49 U.S.C. 106(g); and 14 CFR 11.89.

§ 39.13 [Amended]

2. Section 39.13 is amended by adding the following new airworthiness directive:

93-08-05 Fokker: Amendment 39-8552.
Docket 92-NM-196-AD.

Applicability: All Model F27 series airplanes, excluding Model F27 Mark 050 airplanes; certificated in any category.

Compliance: Required as indicated, unless accomplished previously.

To prevent failure of an aileron control cable and subsequent reduced aileron roll control authority, accomplish the following:

(a) Within 500 hours time-in-service or 2 months after the effective date of this AD, whichever occurs first, inspect the noise filter capacitors mounted on the rotary flap actuator to detect damage and to determine the manufacturer and part number, in accordance with Fokker Service Bulletin F27/27-135, dated June 1, 1992.

(1) If no damaged capacitor is found, and if no capacitor manufactured by John E. Fast Company and having part number A-16446 is installed, no further action is required by this AD.

(2) If any damaged capacitor is found, or if any capacitor manufactured by John E. Fast Company and having part number A-16446 is found, prior to further flight, replace that capacitor with either a capacitor manufactured by P.R. Mallory Company and having part number CA275X, or a capacitor manufactured by Potter Company and having part number 1136-5004, in accordance with the service bulletin.

(b) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Standardization Branch, ANM-113, FAA, Transport Airplane Directorate. Operators shall submit their requests through an appropriate FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, Standardization Branch, ANM-113.

Note: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Standardization Branch, ANM-113.

(c) Special flight permits may be issued in accordance with FAR 21.197 and 21.199 to operate the airplane to a location where the requirements of this AD can be accomplished.

(d) The inspection and replacement shall be done in accordance with Fokker Service Bulletin F27/27-135, dated June 1, 1992. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies may be obtained from Fokker Aircraft USA, Inc., 1199 North Fairfax Street, Alexandria, Virginia 22314. Copies may be inspected at the FAA, Transport Airplane Directorate, 1601 Lind Avenue, SW., Renton, Washington; or at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC.

(e) This amendment becomes effective on May 27, 1993.

Issued in Renton, Washington, on April 15, 1993.

Darrell M. Pederson,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF COMMERCE

Bureau of Export Administration

15 CFR Part 775

[Docket No. 930344-3044]

Exports to the Science-Based Industrial Park in Hsinchu, Taiwan: Establishment of Import Certificate/Delivery Verification (IC/DV) Procedure

AGENCY: Bureau of Export Administration, Commerce.

ACTION: Final rule.

SUMMARY: The Bureau of Export Administration (BXA) is amending the Export Administration Regulations (EAR) to include new requirements based on the implementation of Import Certificate/Delivery Verification (IC/DV) procedures for the Science-based Industrial Park, an entity of the National Science Council of Taiwan, located in Hsinchu, Taiwan.

The authorities on Taiwan have committed to implement an island-wide COCOM-comparable export control system. The IC/DV system at the Science-based Industrial Park is an interim step toward such a system. Because of the assurances and commitments that the IC/DV procedure in the Science-based Industrial Park represent, the Office of Export Licensing expects to be able to accelerate the processing of export license applications accompanied by the Park's IC for exports to enterprises located in the Park.

DATES: Effective date: This rule is effective April 27, 1993.

Grace period: In lieu of the 45 day grace period provided in 15 CFR 775.10(b)(2), a 60 day grace period will apply to the requirement to obtain the Hsinchu Science-based Industrial Park Import Certificate to support an export license application. During the grace period, applications will be accepted when supported by either a Form BXA-629P (Statement by Ultimate Consignee and Purchaser) or a Hsinchu Science-based Industrial Park Import Certificate.

FOR FURTHER INFORMATION CONTACT: Rod Joseph, Office of Technology and Policy Analysis, Bureau of Export Administration, U.S. Department of Commerce, Telephone: (202) 482-4253.

SUPPLEMENTARY INFORMATION:

Background

The Bureau of Export Administration (BXA) requires a foreign importer to file an International Import Certificate (IC) in support of individual validated license applications to export certain

commodities controlled for national security reasons to specified destinations. The commodities are identified by the code letter "A" following the Export Control Classification Number on the Commerce Control List, which identifies those items subject to Department of Commerce export controls. By issuing an IC, the government of the importing destination confirms that it will exercise control over the disposition of those commodities covered by an IC.

BXA also requires a Delivery Verification Certificate (DV) on a selective basis, as described in 15 CFR 775.3(i). By issuing a DV, the government of a destination to which an export has been made confirms that the exported commodities have either entered the export jurisdiction of that destination or are otherwise accounted for by the importer.

New documentation requirements and guidelines for compliance adopted by the Government of Taiwan for the Hsinchu Science-based Industrial Park warrant the inclusion of that area in the IC/DV procedure. This rule amends the EAR by adding the Hsinchu Science-based Industrial Park to the list of destinations for which International Import Certificates may be issued and by adding the name and address of the Hsinchu Science-based Industrial Park to the authorities in the list of foreign offices that administer the IC/DV systems.

Rulemaking Requirements

1. This rule complies with Executive Order 12291 and Executive Order 12661.

2. The Import Certificate/Delivery Verification (IC/DV) requirement set forth in part 775 supersedes the requirement for Form BXA-629P, Statement by Ultimate Consignee and Purchaser (approved by the Office of Management and Budget under control number 0694-0021) to accompany certain license applications for exports and reexports (approved under OMB control numbers 0694-0005 and 0694-0010 respectively) to the Science-based Industrial Park located in Hsinchu, Taiwan. The International Import Certificate issued by the Park Administration does not constitute a collection of information under the Paperwork Reduction Act of 1989. As a result of this rule, there will be a decrease in the number of Statements by Ultimate Consignee, Form BXA-629P, and an increase in the number of Delivery Verifications, Form BXA-647P (approved by OMB under control number 0694-0016).

3. This rule does not contain policies with Federalism implications sufficient to warrant preparation of a Federalism assessment under Executive Order 12612.

4. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by section 553 of the Administrative Procedure Act (5 U.S.C. 553) or by any other law, under section 3(a) of the Regulatory Flexibility Act (5 U.S.C. 603(a) and 604(a)) no initial or final Regulatory Flexibility Analysis has to be or will be prepared.

5. The provisions of the Administrative Procedure Act, 5 U.S.C. 553, requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States. This rule does not impose a new control. No other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this rule.

Accordingly, it is issued in final form. However, comments from the public are always welcome. Comments should be submitted to Patricia Muldonian, Office of Technology and Policy Analysis, Bureau of Export Administration, Department of Commerce, P.O. Box 273, Washington, DC 20044.

List of Subjects in 15 CFR Part 775

Exports, Reporting and recordkeeping requirements.

Accordingly, part 775 of the Export Administration Regulations (15 CFR parts 730-799) is amended as follows:

PART 775—[AMENDED]

1. The authority citation for 15 CFR part 775 is revised to read as follows:

Authority: Public Law 90-351, 82 Stat. 197 (18 U.S.C. 2510 *et seq.*), as amended; Public Law 95-223, 91 Stat. 1626 (50 U.S.C. 1701 *et seq.*); Public Law 95-242, 92 Stat. 120 (22 U.S.C. 3201 *et seq.* and 42 U.S.C. 2139a); Public Law 96-72, 93 Stat. 503 (50 U.S.C. app. 2401 *et seq.*), as amended (extended by Public Law 103-10, 107 Stat. 40); Executive Order 12002 of July 7, 1977 (42 FR 35623, July 7, 1977), as amended; Executive Order 12058 of May 11, 1978 (43 FR 20947, May 16, 1978); Executive Order 12214 of May 2, 1980 (45 FR 29783, May 6, 1980); Executive Order 12730 of September 30, 1990 (55 FR 40373, October 2, 1990), as continued by Notice of September 25, 1992 (56 FR 44649, September 28, 1992); and Executive Order 12735 of November 16, 1990 (55 FR 48587, November 20, 1990) as continued by Notice of November 11, 1992 (57 FR 53979, November 13, 1992).

§ 775.1 [Amended]

2. The table in § 775.1(b) is amended in entry 1 by adding "Taiwan (Hsinchu Science-based Industrial Park)," immediately after "Switzerland," in the column titled "And the country of destination is".

3. Section 775.3(b) is revised to read as follows:

§ 775.3 International import certificate and delivery verification certificate.

* * * * *

(b) *Destinations.* The following destinations are subject to the International Import Certificate/Delivery Verification Certificate requirements.¹

Australia
Austria
Belgium
Denmark
Finland
France
Germany
Greece
Hong Kong
Ireland, Republic of
Italy
Japan
Korea, Republic of
Liechtenstein
Luxembourg
Netherlands
New Zealand
Norway
Pakistan
Portugal
Singapore
Spain
Sweden
Switzerland
Taiwan (Hsinchu Science-based Industrial Park)
Turkey
United Kingdom

Note 1: See Supplement No. 1 to this part 775 for the list of addresses in the above destinations where foreign importers may obtain International Import Certificates.

Note 2: In the case of Taiwan, only those shipments to the Hsinchu Science-based Industrial Park are subject to the IC/DV procedures described in this section. Shipments to other destinations in Taiwan continue to require a Form BXA-629P, Statement by Ultimate Consignee and Purchaser, as described in § 775.2.

Note 3: The provisions of this § 775.3 do not apply to any overseas territories of the destinations in this paragraph unless such territories are specifically listed.

* * * * *

4. Supplement No. 1 to part 775 is amended by revising the phrase "Germany, Federal Republic of" to read "Germany" under the "Country" heading and by adding a new entry for "Taiwan (Hsinchu Science-based

¹ See § 775.6 for People's Republic of China End-User Certificate requirements, § 775.7 for Indian Import Certificate requirements, and § 775.8 for Polish, Hungarian, or Czechoslovak Import Certificate requirements.

Industrial Park)" immediately after the entry for "Switzerland", to read as follows:

SUPPLEMENT NO. 1—AUTHORITIES ADMINISTERING IMPORT CERTIFICATE/DELIVERY VERIFICATION SYSTEM IN FOREIGN COUNTRIES¹

[See footnotes at end of table]

Country	IC/DV authorities	System administered ²
Taiwan (Hsinchu Science-based Industrial Park).	Science-based Industrial Park Administration, No. 2 Hsin Ann Road, Hsinchu, Taiwan R.O.C.	IC/DV.

¹ Facsimiles of Import Certificates and Delivery Verifications issued by each of these countries may be inspected at the Bureau of Export Administration Western Regional Office, 3300 Irvine Avenue, suite 345, Newport Beach, California 92660-3198 or at any U.S. Department of Commerce District Office (see listing in Commerce Office Addresses section of the GPO publication entitled "U.S. Export Administration Regulations", available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402) or at the Office of Export Licensing, room 1099D, U.S. Department of Commerce, 14th Street and Pennsylvania Avenue, NW., Washington, DC 20230.

BILLING CODE 3510-DT-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 154

[Docket No. RM93-13-000 and Order No. 533]

Revision of Form of Notice Requirements for Rate Schedule and Tariff Filings

Issued April 21, 1993.

AGENCY: Federal Energy Regulatory Commission, Energy.

ACTION: Final rule.

SUMMARY: The Commission is revising the form of notice requirements for natural gas rate and tariff filings under the Commission's regulations. The final rule establishes requirements for filing a diskette copy of the notice in order to speed the process of noticing such filings.

EFFECTIVE DATE: May 27, 1993.

ADDRESSES: Requests for Rehearing must be filed in Docket No. RM93-13-000 and should be addressed to: Office of the Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, DC 20426.

FOR FURTHER INFORMATION CONTACT: David Tishman, Office of the General Counsel, Federal Energy Regulatory Commission, 825 North Capitol Street,

NE., Washington, DC 20426, (202) 208-0515.

SUPPLEMENTARY INFORMATION: In addition to publishing the full text of this document in the *Federal Register*, the Commission also provides all interested persons an opportunity to inspect or copy of the contents of this document during normal business hours in room 3104, 941 North Capitol Street NE., Washington, DC 20426. The Commission Issuance Posting System (CIPS), an electronic bulletin board service, provides access to the texts of formal documents issued by the Commission. CIPS is available at no charge to the user and may be accessed using a personal computer with a modem by dialing (202) 208-1397. To access CIPS, set your communications software to use 300, 1200, or 2400 bps, full duplex, no parity, 8 data bits, and 1 stop bit. CIPS can also be accessed at 9600 bps by dialing (202) 208-1781. The full text of this rule will be available on CIPS for 30 days from the date of issuance. The complete text on diskette in Wordperfect format may also be purchased from the Commission's copy contractor, LaDorn Systems Corporation, also located in room 3104, 941 North Capitol Street NE., Washington, DC 20426. [Order No. 553]

I. Introduction

Before Commissioners: Elizabeth Anne Moler, Chair; Jerry J. Langdon and Branko Terzic.

The Federal Energy Regulatory Commission (Commission) is revising the form of notice requirements for natural gas rate schedule and tariff filings in § 154.28 of the Commission's

regulations.¹ The revised procedures establish requirements for filing a diskette copy of the notice.

II. Reporting Requirements

There will be no impact on the public reporting burden from requiring submission on a diskette of information that currently must be submitted in hard copy form.

III. Background and Discussion

Under section 4 of the Natural Gas Act every natural-gas company must file schedules showing all rates and charges from any transportation or sale of natural gas subject to the jurisdiction of the Commission and the classifications, practices, rules and regulations affecting such rates, charges and services together with all contracts in any manner relating thereto. Changes to these schedules and related contracts can be made by a natural gas company only through a filing with the Commission that gives notice of the proposed changes to the Commission and to the public. Whenever a company makes such filing the company must file a form of notice of the filing suitable for publication in the *Federal Register* in the form specified in § 154.28. In this final rule, the Commission is revising § 154.28 of its regulations to require that the company also submit a copy of its notice on a separate 3½" diskette in ASCII format marked with the name of the company and the words "notice of filing." This revision of the notice requirements of § 154.28 will enable the Commission to speed up the process by which notice of filings is provided through publication in the *Federal Register* and, especially, through the

¹ 18 CFR 154.28.

Commission Issuance Posting System (CIPS), an electronic bulletin board service that requires that text be in ASCII format in order for it to provide electronic access to the text information.

IV. Regulatory Flexibility Act Certification

The Regulatory Flexibility Act (RFA)² generally requires a description and analysis of final rules that will have significant economic impact on a substantial number of small entities. Most, if not all, of the companies required to comply with this final rule are interstate pipelines which do not fall within the RFA's definition of small entity. Further, most, if not all, companies already have this material on a disk and therefore, forwarding the disk to the Commission would not be a burden.

The Commission certifies that promulgating this rule does not represent a major Federal action having a significant economic impact on a substantial number of small entities. Therefore, no regulatory flexibility analysis is required.

V. Information Collection Statement

The Office of Management and Budget's (OMB) regulations³ require that OMB approve certain information collection requirements imposed by agency rule. Since this order does not impose new information collection requirements and has no impact on current information collections there is no need to obtain OMB approval.

VI. National Environmental Policy Act Analysis

The Commission concludes that promulgating this rule does not represent a major Federal action having significant adverse effect on the human environment under the Commission's regulations implementing the National Environmental Policy Act.⁴ This rule is procedural in nature and does not substantially change the effect of the regulation being amended. Therefore, this rule falls within the categorical exemptions provided in the Commission's regulations.⁵ Consequently, neither an environmental impact statement nor an environmental assessment is required.

VII. Administrative Findings and Effective Date

This final rule is a matter of agency organization, procedure, or practice.

Since this rule does not itself alter the substantive rights or interests of any interested persons, prior notice and comment are unnecessary under section 4 of the Administrative Procedure Act.⁶

This final rule is effective on May 27, 1993.

List of subjects in 18 CFR Part 154

Alaska, Natural gas, Pipelines, Reporting and recordkeeping requirements.

In consideration of the foregoing, the Commission amends part 154, chapter I, title 18, Code of Federal Regulations, as set forth below.

By the Commission.
Lois D. Cashell,
Secretary.

PART 154—RATE SCHEDULES AND TARIFFS

1. The authority citation for part 154 continues to read as follows:

Authority: 15 U.S.C. 717-717w; 31 U.S.C. 9701; 42 U.S.C. 7101-7352.

2. In § 154.28 the introductory text is revised to read as follows:

§ 154.28 Form of notice for Federal Register.

The company must file a form of notice suitable for publication in the *Federal Register*. The company must also submit a copy of its notice on a separate 3 1/2" diskette in ASCII format. Each diskette must be clearly marked with the name of the company and the words "notice of filing." The notice must be in the following form:

* * * * *

[T.D. 8474]

RIN 1545-AQ99

Removal of Final and Temporary Regulations Relating Primarily to Provisions of Prior Law

AGENCY: Internal Revenue Service, Treasury.

ACTION: Removal of final and temporary regulations.

SUMMARY: This document removes final and temporary regulations under 26 CFR parts 1, 5, 5c, 12, 54, and 602

⁶ 5 U.S.C. 553(b).

relating primarily to provisions of prior law. This action is taken in response to the Regulatory Burden Reduction Initiative.

EFFECTIVE DATE: April 27, 1993.

FOR FURTHER INFORMATION CONTACT: Paul C. Feinberg of the Office of the Associate Chief Counsel (Domestic), within the Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Ave., NW, Washington, DC 20224, Attention: CC:DOM, (202) 622-3325, not a toll-free number.

SUPPLEMENTARY INFORMATION:

Background

On April 2, 1992, the Internal Revenue Service published in the *Federal Register* the Request for Comments on Regulatory Burden Reduction Initiative (57 FR 11277), in which the Treasury Department and the Internal Revenue Service solicited public comment on a program to:

- (1) Close certain regulations projects that are no longer needed or will not be pursued in the foreseeable future;
- (2) withdraw certain proposed regulations which there are no current plans to finalize; and

(3) redesignate certain regulations as relating to prior law in light of subsequent changes to the law.

Section III of that document listed regulations identified as relating primarily to provisions of prior law. Those final and temporary regulations which did not receive any comments or which received only comments favorable to the program are removed. Accordingly, pursuant to the announcement in the *Federal Register* (57 FR 11277), this document removes the final and temporary regulations set forth below from the Code of Federal Regulations system.

Special Analyses

It has been determined that these rules are not major rules as defined in Executive Order 12291. Therefore, a Regulatory Impact Analysis is not required. It has also been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) and the Regulatory Flexibility Act (U.S.C. chapter 6) do not apply to these regulations, and, therefore, a final Regulatory Flexibility Analysis is not required. Pursuant to section 7805(f) of the Internal Revenue Code, these regulations have been submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Drafting Information

The principal author of these regulations is Paul C. Feinberg, Office of

DEPARTMENT OF TRANSPORTATION**Coast Guard****33 CFR Part 100**

[CGD 793-28]

Special Local Regulations: 3rd Annual International Submarine Race, Fort Lauderdale, South Beach Park, FL

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: Special local regulations are being adopted for the 3rd International Submarine Races. This event will be held on June 16, 1993 until June 27, 1993, from 7 a.m. EDT (Eastern Daylight Time) until 5 p.m. EDT, each day. The regulations are needed to provide for the safety of life on navigable waters during the event.

EFFECTIVE DATES: These regulations become effective on June 16, 1993 and terminate on June 27, 1993, from 7 a.m. EDT until 5 p.m. EDT, each day.

FOR FURTHER INFORMATION CONTACT: LTJG M. RUDNIGEN, Coast Guard Group Miami, (305) 535-4536.

SUPPLEMENTARY INFORMATION: In accordance with 5 U.S.C. 553, a notice of proposed rulemaking has not been published for these regulations and good cause exists for making them effective in less than 30 days from the date of publication. Following normal rulemaking procedures would have been impracticable. The information to hold the event was not received until March 9, 1993, and there was not sufficient time remaining to publish proposed rules in advance of the event or to provide for a delayed effective date.

Drafting Information

The drafters of this regulation are LT J.M. LOSECO, Project Attorney, Seventh Coast Guard District Legal Office, and LTJG M.W. RUDNIGEN, Project Officer, Coast Guard Group Miami.

Discussion of Regulations

There will be approximately fifty (50) teams in race submarines, ranging in size from 10 to 15 feet, participating in the Florida Atlantic University 3rd International Submarine Races. Ten (10)

to twenty (20) spectator craft are also expected. The event will take place in the Atlantic Ocean ¼ mile east of South Beach Park at a depth of approximately twenty (20) feet. Only competing and official vessels will be allowed to enter the regulated area because of the nature of the racing event. To ensure the safety of swimmers and divers, no propeller engines will be permitted in the regulated area. A large stable platform will be provided for vessel support, staging and testing.

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the proposed rulemaking does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this proposal consistent with Section 2.B.2.08 of Commandant Instruction M16475.1B, and this proposal has been determined to be categorically excluded. Specifically, the Coast Guard has consulted with the U.S. Fish and Wildlife Service and the National Marine Fisheries Service regarding the environmental impact of this event, and it was determined that the event does not jeopardize the continued existence of protected species.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water).

Regulations

In consideration of the foregoing, part 100 of title 33, Code of Federal Regulations, is amended as follows:

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233; 49 CFR 1.46 and 33 CFR 100.35.

2. A temporary § 100.35-T0728 is added to read as follows:

§ 100.35-T0728 3rd Annual International Submarine Race.

(a) *Regulated area.* A regulated area is established for all navigable waters of the Atlantic Ocean east of South Beach Park, Florida, bounded by the following four points: 26-06'-48"N, 80-06'-15"W, at the northwest corner; 26-06'-48"N, 80-05'-57"W, at the northeast corner; 26-06'-36"N, 80-06'-15"W, at the southwest corner; and, 26-06'-36"N, 80-05'-57"W, at the southeast corner.

(b) *Special local regulations.* (1) Entry into the regulated area, by other than event participants and official vessels, is
