Office of Juvenile Justice and Delinquency Prevention

Notice of Correction to the Competitive Discretionary Assistance Program Announcement and Extension of Time To Submit for the Accountability-Based Community (ABC) Intervention Program

AGENCY: Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention, Department of Justice.

ACTION: This notice clarifies (1) joint application requirements and (2) issues about the required population to be an eligible jurisdiction. This notice also extends the due date.

SUPPLEMENTARY INFORMATION: This is a clarification to 58 FR, page 27170, May 6, 1993.

Eligibility Requirements

Joint Application Requirements

Public applicants must be the primary applicant under this initiative. However, to clarify the intent of the statement concerning joint applicants, applicant organizations may submit joint proposals with other organizations that are eligible to receive funds under part C of the Juvenile Justice and Delinquency Prevention Act of 1974, as amended. This means that a public applicant may submit a joint application with a private non-profit organization or individual. A public applicant may also contract with private non-profit organizations or individuals to carry out functions under this initiative.

Population Eligibility Requirements

This clarification is provided in response to telephone calls concerning the eligibility requirement that an applicant must be involved in planning a community-based juvenile justice system that is located in and serves: (1) A Metropolitan Statistical Area (MSA) of 350,000 to 500,000 population (2) counties of 350,000 to 500,000; or (3) states certifying a county or MSA with a population of 350,000 to 500,000. It was the intent of the Office of Juvenile Justice and Delinquency Prevention to set a threshold population for eligibility at 350,000—not in the range of 350,000 to 500,000. Therefore the corrected eligibility requirement is as follows:

The applicant must be involved in a juvenile justice system that is located in and serves: (1) A Metropolitan Statistical Area (MSA) with a minimum population of 350,000; (2) counties with a minimum population of 350,000; or (3) states certifying a county or MSA with a population of a minimum of 350,000. The jurisdiction must document this population level in the supporting documents to the application. The jurisdiction must also have documented risk factors.

Due Date

Because of these changes, the due date for submission of applications by mail or delivery to OJJDP is extended to July 15, 1993.

[ ] Multi-year: ________ (expiration date)	[ ] Contract authority
[X] No-Year	[ ] Other ________

JUSTIFICATION: This account funds a variety of new construction and rental assistance programs, including amendments to existing rental assistance contracts. Estimating the need for contract amendments in a given year is an imprecise art. From FY 1992 into FY 1993, there was a larger-than-expected carryover of unobligated balances, particularly for Project Reserve contract amendments, which are unlikely to be used in FY 1993. Therefore, the Administration proposes rescinding $13 million of this carryover in FY 1993.

ESTIMATED PROGRAM EFFECT: There is no programmatic effect since these unobligated balances would not be obligated during the current fiscal year.

Grant program: ☒ Yes ☐ No	
Type of account or fund: ☒ Annual ☐ Multi–year: ____________ (expiration date) ☒ No–Year	**Type of budget authority:** ☒ Appropriation ☐ Contract authority ☐ Other _________

JUSTIFICATION: This account funds the Homeownership and Opportunity for People Everywhere (HOPE) Grants, which provide homeownership opportunities that are affordable for low–income families. Units will be converted to homeownership from public and Indian housing properties in HOPE 1, from FHA–insured and Government held multi–family properties in HOPE 2, and from Government–owned or held single–family properties in HOPE 3. HOPE grants will be used for property acquisition where appropriate, rehabilitation, mortgage subsidies, security measures, operating reserves, and technical assistance.

An excess of unreserved balances for FY 1993 and prior year funding is being proposed for rescission from the HOPE for Public and Indian Housing Homeownership Program and the HOPE for Homeownership of Multi–family Units Program as a partial offset to proposed increases in Community Development Grants and HOME Investment Partnerships programs. The amounts requested under the two programs will be used to aid residents of areas impacted by Hurricane Andrew, Hurricane Iniki, and Typhoon Omar.

ESTIMATED PROGRAM EFFECT: The availability of funds is reduced for the HOPE program.

Type of account or fund: ☒ Annual ☐ Multi–year: ____________ (expiration date) ☐ No–Year	**Type of budget authority:** ☒ Appropriation ☐ Contract authority ☐ Other ________

JUSTIFICATION: This appropriation funds the Assets forfeiture fund. The Comprehensive Crime Control Act of 1984 established the Assets forfeiture fund, into which forfeited cash and the proceeds of sale of forfeited property are deposited. Authorities of the fund have been amended by various public laws enacted since 1984. Under current law, authority to use the fund for investigative expenses is required to be specified in annual appropriation acts.

The amounts appropriated for the Assets forfeiture fund for 1993 by Public Law 102–395 are in excess of current needs as a result of enactment of legislation amending the Assets forfeiture fund authorities. Therefore, the rescission of $20 million is proposed. This rescission will be used to offset other higher priority programs.

ESTIMATED PROGRAM EFFECT: No program effect is anticipated as the rescission affects appropriated amounts that are in excess of current needs.

It finances the personnel and support costs of operating and maintaining the air traffic control system and ensuring the safety and security of aircrafts, flight procedures, navigation aids, and airports through periodic inspections. It also supports overall policy direction and guidance. This rescission proposal reflects reduced estimates of overhead costs.
