SUPPLEMENTARY INFORMATION: Federal Acquisition Circular 90-20 amends the Federal Acquisition Regulation (FAR) as specified below:

Item I—Section 6050M of the Tax Reform Act of 1986 (FAR Case 91-52)

The interim rule published at 57 FR 44259 on September 24, 1992 (FAC 90-

13, Item I), is converted to a final rule with one change. FAR Subpart 4.9, Information Reporting to the Internal Revenue Service (IRS), and the clause at 52.204-3, Taxpayer Identification, have been revised to ensure the collection and reporting of the Taxpayer Identification Number (TIN) of certain contract modifications. The approved change is to the last sentence of 52.204-3(b). A 31 percent figure has replaced the previous 20 percent figure as a result of an amendment to 26 U.S.C. 3406(a)(1).

Item II—Made in America Labels (FAR Case 93-301) and Unfair Trade Practices (FAR Case 93-306)

These interim rules add language to FAR 9.403, 9.406, and 9.407 concerning suspension or debarment of contractors who engage in unfair trade practices and/or intentionally affixed a label bearing a "Made in America" inscription (or any inscription having

the same meaning) to a product sold in or shipped to the United States.

Item III—Preference for Commercial Products (FAR Case 91-48)

The interim rule published as Item V of FAC 90-9 is converted to a final rule. The interim rule amended section 10.001 and revised sections 10.002(d) and 10.006(a) to provide an order of preference for the various types of product descriptions used in contracting. The final rule differs from the interim rule in that (1) the Department of Defense (DOD) requirement for mandatory use of product descriptions listed in the DOD Index of Specifications and Standards, which was inadvertently omitted from the interim rule, is reinstated at 10.006(a); (2) a new exception to the requirement for mandatory use of indexed product descriptions is added at 10.006(a)(6); and (3) editorial changes are made for clarification.

Item IV—Increase in Cost or Pricing Data Threshold (FAR Case 91-53)

The interim rule published at 56 FR 67413, December 30, 1991 (FAC-90-10, Item I), is confirmed as final without change. This rule amended the FAR to reflect an increase in the statutory threshold for submission of cost or pricing data from \$100,000 to \$500,000 for DOD, NASA, and the Coast Guard.

Item V—Reimbursement, Interest Charges, and Penalties for Overpayment; Clarification (FAR Case 91-99/89-37)

This item clarifies Item 11 of FAC-90-3 (55 FR 52782, December 21, 1990) regarding the application, to contract modifications, of the statutory and regulatory guidance on reimbursement, interest charges, and penalties for overpayment (FAR case 89-37). The word "contracts" in Item 11 includes control modifications.

For DOD, NASA, and the Coast Guard, the statutory and regulatory guidance applies to: (1) Contracts awarded on or after November 8, 1985; and (2) modifications issued on or after November 8, 1985, regardless of the date of contract award. For all other agencies, the regulatory guidance applies to contracts awarded and modifications issued after January 22, 1991.

If a contract is modified and that modification requires the submission of certified cost or pricing data, the contract must be updated to incorporate the January 1991 version of the clause at FAR 52.214-37, 52.215-22, or 52.215-23 for that modification. This updating is to ensure that the contract includes the requirement for interest on defective pricing reductions for modifications.

Item VI—Clarify Increased Cost or Pricing Data Threshold (FAR Case 91-96)

The interim rule published as Item X in FAC 90-16 is converted to a final rule without change. The interim rule revised FAR 15.804-2 to clarify application of the \$500,000 threshold for submission of certified cost or pricing data for contracts awarded by the Department of Defense, the National Aeronautics and Space Administration, and the Coast Guard. This rule implements Section 804 of the FY 92 Defense Authorization Act, which amended 10 U.S.C. 2306a(a)(1) to specify that the \$500,000 threshold for DOD, Coast Guard, and NASA, also applies to subcontracts entered into after December 5, 1991, under prime contracts entered into on or before December 5, 1990, if the prime contract

is modified to incorporate the \$500,000 threshold. It also specifies that the \$500,000 threshold applies to changes or modifications made after December 5, 1991, when the prime contract is modified to incorporate the \$500,000 threshold.

Item VII—Nonmanufacturer Rule (FAR Case 91-50)

This converts the interim rule on the Nonmanufacturer Rule, published in the Federal Register at 57 FR 60571 on December 21, 1992, as Item XI of FAC 90-16, to a final rule with minor revisions. The interim rule implemented section 210 of Public Law 101-574. It revised FAR 19.001 and 19.102 to add a definition for the term "nonmanufacturer rule," to address Small Business Administration waiver of the nonmanufacturer rule for specific items, and to remove the partial listing of classes for which a waiver has been granted.

Item VIII—Small Business Competitiveness Demonstration Program (FAR Case 91-97)

FAR 19.1001(b) and 19.1006(b)(1) are amended to extend the Small Business Competitiveness Demonstration Program through September 30, 1996. FAR 19.1006(b)(1) is also amended to clarify procedures when an emerging small business (ESB) reserve amount is greater than \$25,000. Section 19.1006(c)(1) is amended to delete the dollar threshold for the ESB reserve amount and substitute "established by the Office of Federal Procurement Policy." Subparagraph (c)(1) (i) and (ii) have been added to clarify how to proceed when there is not a reasonable expectation of offers from two or more responsible ESB's or when it is necessary to cancel an ESB set-aside.

Item IX—Removal of Steel Conduit From the FAR Buy American Act Exemption List (FAR Case 92-619)

Paragraph (d)(1) of 25.108, Excepted Articles, Materials, and Supplies, is being amended to remove steel conduit (5" and 6") from the FAR Buy American Act exemption list. Market research has uncovered two domestic sources for these products.

Item X—Buy American Act—Construction Materials (FAR Case 91-75)

The interim rule published at 57 FR 20372, May 12, 1992, (FAC 90-11, Item II) is confirmed as final without change. The interim rule amended FAR 25.201 and 52.225-5 to modify the definition of "construction material" to require evaluation of an emergency life safety

system as a single construction material under the Buy American Act, regardless of when and how the individual parts or components are delivered to the construction site. This rule implements section 631 of Public Law 102-141, Treasury, Postal Service and General Government Appropriations Act.

Item XI—Examination of Records (FAR Case 92-47) (Statutory)

FAR 25.901(c) is revised to make the requirement for notification of Congress, when the clause at 52.215-1, Examination of Records by Comptroller General, is omitted from a contract with a foreign contractor, inapplicable to the Department of Defense.

Item XII—Independent Research and Development and Bid and Proposal Costs (FAR Case 93-302)

FAR 31.205-18(c)(2)(iii)(A) is amended to insert a date certain with regard to waiving the limitation on the maximum allowable amount of independent research and development and bid and proposal costs for a major contractor in order to ensure that the amount determined to be allowable for such contractor is at least equal to what would have been allowed prior to the enactment of the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Pub. L. 102-190).

Item XIII—Prompt Payment Overseas (FAR Case 92-46)

This interim rule revises FAR 32.901 and amends the clauses at FAR 52.232-25, 52.232-26, and 52.232-27 to remove the statements that no interest penalty will be paid on contracts awarded to foreign vendors outside the United States for work performed outside the United States and to remove the definition of "foreign vendor" from the clauses.

Item XIV—Federal Courts Administration Act (FAR Cases 92-301 and 91-62)

This interim rule amends FAR 33.201, 33.202, 33.204, 33.207, 33.208, 33.210, 33.211, 33.214, 42.302, and the clause at 52.233-1 concerning the certification of claims under the Contract Disputes Act (CDA). The rule implements section 907(a) of the Federal Courts Administration Act of 1992 (Pub. L. 102-572) which requires that the person certifying a CDA claim be duly authorized to bind the contractor; specifies the conditions under which a contracting officer does not have to issue a final decision; provides that certifications are not jurisdictional; further revises the existing alternative dispute resolution (ADR) coverage; and

provides for payment of interest from the date of initial receipt of the claim or enactment of Public Law 102-572, whichever is later. (Pub. L. 102-572 was enacted on October 29, 1992.)

Item XV—Defense Traffic Management Regulation (FAR Case 92-53)

FAR Subpart 42.14, Traffic and Transportation Management, is amended to update the title of the Defense Traffic Management Regulation and to add references to Military Departments and Defense Logistics Agency regulations concerning traffic and transportation management. Cross references at FAR 47.103(b)(2), 47.200(e), and 47.305-6(f)(1)(ii) were also revised to update the title of the Defense Traffic Management Regulation. Cross references at 47.103(b)(2), 47.200(e), and 47.305-6(f)(1)(ii) were also revised to update the title of the Defense Traffic Management Regulation.

Item XVI—Records of Plant Equipment (FAR Case 91-73)

The FAR is being revised at 45.501, 45.505-1, 45.505-4, and 45.505-5 to add language on the use of summary records and expand the use of summary records to special tooling and special test equipment costing less than \$5,000.

Item XVII—Reports of Government Property (FAR Case 91-58)

FAR 45.505-14, Reports of Government Property, is revised to require contractors to report annually all classifications of Government property in their possession. The FAR revision expands the list of property classifications to be reported to include special tooling, special test equipment, material and agency peculiar property. It deletes the dollar amounts for plant equipment.

Item XVIII—Returnable Cylinders (FAR Case 91-10)

A clause, Returnable Cylinders, is added to the FAR at 52.247-66, and prescriptive language is added at 47.305-17. The clause describes the Government's responsibilities relating to the return and accountability of contractor-furnished returnable cylinders.

Item XIX—Small Business Innovation Research Rights in Data (FAR Case 93-305)

Paragraph (d) of the clause at FAR 52.227-20, Rights in Data—SBIR Program, is revised to increase the small business concern's data rights retention period from 2 to 4 years. This revision implements Section 15(f) of the revised SBIR Program Policy Directive,

published by the SBA in the *Federal Register* on January 26, 1993 (58 FR 6144).

Item XX—Corrections and Technical Amendments

Corrections and technical amendments have been made to FAR parts 1, 3, 5, 15, 16, 19, 31, 42, 48, 52, and 53 for clarification, to correct references and terms. For the convenience of the user, Standard Forms 254, 255, and Optional Form 333 are reprinted. Among the changes are the following:

Standard Forms 254 and 255

Standard Form (SF) 254, Architect-Engineer and Related Services Questionnaire, and SF 255, Architect-Engineer and Related Services Questionnaire for Specific Project, which were revised and illustrated as Item XXIII in FAC 90-16 (57 FR 60570, December 21, 1992), are being republished in this FAC 90-20 to reflect the removal of the Office of Management and Budget's (OMB) date of expiration for clearance approvals and to reflect other minor typographic changes.

Optional Form 333

Optional Form 333, Procurement Integrity Certification for Procurement Officials, is authorized for local reproduction indefinitely and the revised version is published here for the convenience of the user.

Annual Notice of Rates of Inflation

The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council have agreed to publish, as an information item, the rates of inflation which are used in conjunction with other factors to determine the allowability of independent research and development and bid and proposal (IR&D/B&P) costs for major contractors under FAR 31.205-18(c)(2)(i)(C)(2). These rates were issued by the Acting Comptroller of the Department of Defense in March 1993. FAR 31.205-18(c)(2)(i)(C)(2) states the rates of inflation will be published in the *Federal Register* on an annual basis.

Federal Acquisition Circular 90-13, FAR case 91-37, Item VII, published in the *Federal Register* at 57 FR 44264, September 24, 1992, provided rates of inflation which were to be used to determine the allowability of IR&D/B&P costs for major contractors during the 3-year transition period FY 1993 through 1995. FAR 31.205-18(c)(2)(i)(C)(2) states the rates of inflation will be published in the *Federal Register* on an annual

basis. The following rates of inflation are effective immediately, supersede those published in the *Federal Register* at 57 FR 44264, September 24, 1992, and shall remain in effect until superseded by the next publication:

Fiscal year	Annual percent-age rate
1993	2.4
1994	2.3
1995	2.3
1996	2.2
