DEPARTMENT OF JUSTICE**Drug Enforcement Administration****21 CFR Part 1308****Exempt Chemical Preparations**

AGENCY: Drug Enforcement Administration (DEA), Justice.

ACTION: Interim rule and request for comments.

SUMMARY: This interim rule amends the list of exempt chemical preparations set forth in section 1308.24(i) of Title 21 of the Code of Federal Regulations. This action is in response to DEA's periodic review of the exempt chemical preparation list and of new applications for exemptions filed with DEA. Preparations included in the list are exempted from the application of specific provisions of the Comprehensive Drug Abuse Prevention and Control Act of 1970, and from certain Drug Enforcement Administration Regulations.

DATES: Effective Date: March 31, 1994. Comments must be submitted on or before May 2, 1994.

ADDRESSES: Comments and objections should be submitted to the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, Washington, DC 20537; Attention: Federal Register Representative/CCR.

FOR FURTHER INFORMATION CONTACT: Howard McClain, Jr., (Chief, Drug & Chemical Evaluation Section), 202-307-7183.

SUPPLEMENTARY INFORMATION: The Controlled Substances Act as amended by the Dangerous Drug Diversion Control Act of 1984 authorizes the Attorney General in accordance with 21 U.S.C. 811(g)(3)(B) to exempt from specific provisions of the Act, a compound, mixture, or preparation which contains any controlled substance, which is not for administration to a human being or animal and which is packaged in such form or concentration, or with adulterants or denaturants, so that, as packaged, it does not present any significant potential for abuse. This authority ultimately has been delegated to the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

The Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, has received applications pursuant to § 1308.23 of title 21 of the Code of Federal Regulations requesting approval of exempt status provided for in 21 CFR

1308.24. The Deputy Assistant Administrator hereby finds that each of the following preparations and mixtures is intended for laboratory, industrial, educational, or special research purposes, is not intended for general administration to man or animal, and either (a) contains no narcotic controlled substances and is packaged in such a form or concentration that the packaged quantity does not present any significant potential for abuse, (b) contains either a narcotic or non-narcotic controlled substance and one or more adulterating or denaturing agents in such a manner, combination, quantity, proportion, or concentration that the preparation or mixture does not present any potential for abuse, or (c) the formulation of such preparation or mixture incorporates methods of denaturing or other means so that the controlled substance cannot in practice be removed, and therefore the preparation or mixture does not present any significant potential for abuse. The Deputy Assistant Administrator further finds that exemption of the following chemical preparations and mixtures is consistent with the public health and safety as well as the needs of the researchers, chemical analysts, and suppliers of these products.

The listing of products in 21 CFR 1308.24(i) exempts persons who handle them from certain sections of the Controlled Substances Act of 1970 and its regulations. The Deputy Assistant Administrator, Office of Diversion Control, hereby certifies that these matters will have no significant impact upon small businesses or other entities within the meaning and intent of the Regulatory Flexibility Act, 5 U.S.C. 601 et seq. Accordingly, the Deputy Assistant Administrator certifies this action will have no impact on the ability of small businesses to compete and he therefore determines that no regulatory flexibility analysis is required.

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that this matter does not have sufficient federalism implications to require the preparation of a Federalism Assessment.

The Office of Management and Budget (OMB) has determined that listings of exempt chemical preparations are exempt from centralized review under Executive Order 12866.

List of Subjects in 21 CFR Part 1308

Administrative practice and procedure, Drug traffic control, Narcotics, Prescription drugs.

Under the authority vested in the Attorney General by section 202(d) of

the Act (21 U.S.C. 811(g)(3)(B)) and delegated to the Administrator of the Drug Enforcement Administration by regulations of the Department of Justice (28 CFR 0.100), and redelegated to the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, the Deputy Assistant

Administrator hereby amends 21 CFR part 1308 as set forth below.

Manufactured Home Construction and Safety Standards: Correction; and Manufactured Home Construction and Safety Standards on Wind Standards: Correction

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Corrections to final rules.

SUMMARY: HUD published two final rules amending the Federal Manufactured Home Construction and Safety Standards (FMHCSS) on October 25, 1993 (58 FR 54975), and January 14, 1994 (59 FR 2456), to: (1) include preemptive standards significantly upgrading the existing energy conservation requirements; and (2) improve the resistance of manufactured homes to wind forces in areas prone to hurricanes. The October 25, 1993, rule is not to take effect until October 25, 1994, while the January 14, 1994, rule generally is to take effect on July 13, 1994. Because certain revisions included in the more recent rule would be nullified as of the later effective date of the October 1993 rule, the Department is issuing these corrections to preserve those provisions of the January 1994 rule that are intended to remain in effect after October 1994.

EFFECTIVE DATE: July 13, 1994.

FOR FURTHER INFORMATION CONTACT: David C. Nimmer, Director, Office of Manufactured Housing and Regulatory Functions, Department of Housing and Urban Development, 451 Seventh Street SW., ATTN: Mailroom B-133, Washington, DC 20410-8000. Telephones: (voice) (202) 755-7410; (TDD) (202) 708-4594. (These are not toll-free numbers.)

SUPPLEMENTARY INFORMATION: As explained in the Summary, this correction reconciles inconsistencies between the final rules published on October 25, 1993 (58 FR 54975), and January 14, 1994 (59 FR 2456). In addition, this correction addresses certain inconsistencies within each of the two rules.

The Department points out that there is no paragraph 48 in the October 25, 1993, rule; as a result of an editorial oversight on pages 55016 and 55017, the enumerated paragraphs go from "47" to "49". The item identified on page 54998 of the rule that would have been paragraph 48 affected storage rooms and was omitted from the final rule because

commenters were concerned that the provision would unintentionally include closets.

Similarly, there is an error on page 54998 of the preamble in referring to a new paragraph in § 3280.112; the Department has not added a new paragraph to this section.

Several corrections have been made in references to standards included in 24 CFR 3280.304(b)(1). These corrections are necessary either to cite the standard properly or to include approved standards that were mentioned in the preamble of the October 25 rule, but were inadvertently omitted from the regulatory text.

Other corrections are also necessary in the January 14 rule. These corrections clarify a table and correct the inclusion of certain local governments in a listing of jurisdictions located in Wind Zone II. These local governments are already listed properly under jurisdictions located in Wind Zone III, as based on the Basic Wind Zone Map for Manufactured Housing that is part of the January 14 rule.

Need for Correction

Because of the delayed effective date of the rule published on October 25, 1993 (58 FR 54975), the Department must reconcile the October 25, 1993, rule with the rule published on January 14, 1994 (59 FR 2456). In addition, both rules contain errors that may be misleading or must be clarified.

Correction of Publications

Accordingly, FR Doc. 93-26019, the Manufactured Home Construction and Safety Standards final rule (FR-2622), published October 25, 1993 (58 FR 54975), and FR Doc. 94-825, the Manufactured Home Construction and Safety Standards on Wind Standards final rule (FR-3380), published January 14, 1994 (59 FR 2456) are corrected as follows:

Manufactured Home Construction and Safety Standards (FR-2622; 58 FR 54975, October 25, 1993)

1. On page 55003, in the first column, in § 3280.4, the address following the item "SJI" is corrected to read as follows: "Steel Joist Institute, 1205 48th Avenue North, suite A, Myrtle Beach, SC 29577".

2. On page 55003, in the first and second columns, the amendatory instruction for § 3280.5 is removed and the revised text for § 3280.5 is deleted.

3. On page 55005, in the second column and continuing into the third column, § 3280.302 is corrected by deleting the definition for "hurricane resistive manufactured home".

4. On page 54996, in the first column, in the preamble, and on page 55006, in the second column, in § 3280.304, the standard listed under "Voluntary Product Standard, Construction and Industrial Plywood" is corrected to read "PS-1-83".

5. On page 55006, in the second column, in § 3280.304, paragraph (b)(1) is corrected by adding the following standard under the heading "Wood and Wood Products", after the item "Design and Fabrication of Plywood Sandwich Panels, Suppl.4—APA—U-814G-1990." Performance Standards and Policies for Structural Use Panels—APA—PRP-E-108P, E445N-1989.

6. On page 55006, in the third column, in § 3280.304, under the heading "Unclassified", the standards referenced for the item "Performance Standard for Wood-Based Structural Use Panels" is clarified by adding "(also known as NIST Standard PS-2-92)" after "PS-2-92, APA".

7. On page 55006, in the third column, in amendatory instruction 22, for § 3280.305, the amendatory instructions concerning paragraphs (b)(4) and (d) are removed and the text of paragraphs (b)(4) and (d) are removed.

8. On page 55007, in the second column, amendatory instruction 23, for § 3280.306 is removed and the introductory text of paragraph (a) of § 3280.306 is removed.

9. On page 55011, in the first column, in § 3280.506, paragraph (a) is corrected by inserting a comma between the words "infiltration" and "ventilation".

Manufactured Home Construction and Safety Standards on Wind Standards (FR-3380; 59 FR 2456, January 14, 1994)

10. On page 2469, in the first column, the authority citation for part 3280 is revised to read as follows, and the authority citations following all of the sections in part 3280 are removed:

Authority: 42 U.S.C. 5403 and 42 U.S.C. 5535(d).

11. On page 2470, in the Table of Design Wind Pressures, references to footnotes "4, 6, 7" are added in the column headed "Element" after each of the line entries "Within 3'-0" from each gable end (overhang at endwall) of the roof or endwall if no overhang is provided", "Within 3'-0" from the ridge and eave (overhang at sidewall) or sidewall if no eave is provided", "Eaves (Overhangs at Sidewalls)", and "Gables (Overhangs at Endwalls)"; the dot leaders are removed in the second and third columns of the table and in the first column after "Wall studs in

sidewalls and endwalls, exterior windows and sliding glass doors (glazing and framing), exterior coverings, sheathing and fastenings"; the entries associated with the requirements for "Wall studs in sidewalls and endwalls, exterior windows and sliding glass doors (glazing and framing), exterior coverings, sheathing and fastenings" are corrected by moving the entry "±48 PSF" down one line in the column headed "Wind zone II design wind speed 100 MPH" and by moving the entry "±58 PSF" down one line in the column headed "Wind zone III design wind speed 110 MPH", in order to align these entries with the item designated as "Within 3'-0" from each corner of the sidewall and endwall" in the first column of the table; and, in the footnotes, the numerals "4" and "7" immediately after the superscript numerals "4" and "7", respectively, are removed.

12. On page 2470, in the second column and continuing into the third column, in § 3280.305, paragraph (c)(2)(ii) is corrected by removing from the Wind Zone II listing under "Louisiana" the parishes of Jefferson, La Fourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. Mary, and Terrabonne, and by removing from the Wind Zone II listing under "North Carolina" the counties of Carteret, Dare, and Hyde.

13. On page 2474, in the first column, in § 3280.403, paragraph (b) and the introductory text of paragraph (e) are corrected to read as follows:

§ 3280.403 Standard for windows and sliding glass doors used in manufactured homes.

(b) *Standard.* All primary windows and sliding glass doors shall comply with AAMA Standard 1701.2-1985, Primary Window and Sliding Glass Door Voluntary Standard for Utilization in Manufactured Housing, except that by January 17, 1995, the exterior and interior pressure tests shall be conducted at the design wind loads required for components and cladding specified in § 3280.305(c)(1).

(e) *Certification.* All primary windows and sliding glass doors to be installed in manufactured homes shall be certified as complying with AAMA Standard 1701.2-1985. As of January 17, 1995, this certification must be based on tests conducted at the design wind loads specified in § 3280.305(c)(1).

14. On page 2474, in the second column, in § 3280.404, paragraphs (b) and (e) are corrected to read as follows:

Technical Amendments of Rules Relating to Labor-Management Standards and Standards of Conduct for Federal Sector Labor Organizations

AGENCY: Office of Labor-Management Standards, Office of the American Workplace, Labor.

ACTION: Final rule.

SUMMARY: This document makes a number of technical amendments to chapter IV of the Department of Labor's regulations. These changes are necessary because of a reorganization within the Department which

established the Office of the American Workplace (OAW) and transferred the Office of Labor-Management Standards to OAW. This document also makes other technical corrections.

EFFECTIVE DATE: March 31, 1994.

FOR FURTHER INFORMATION CONTACT: Kay H. Oshel, Chief, Division of Interpretations and Standards, Office of Labor-Management Standards, Office of the American Workplace, U.S. Department of Labor, room N-5605, Washington, DC 20210, (202) 219-7373 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION:

Secretary's Order No. 2-93, dated July 21, 1993 (published August 10, 1993, 58 FR 42578), established the Office of the American Workplace (OAW) headed by the Assistant Secretary for the American Workplace, and transferred the Office of Labor-Management Standards (OLMS) to OAW to assist the Assistant Secretary in carrying out the responsibilities assigned to him in connection with the Labor-Management Reporting and Disclosure Act of 1959, as amended (LMRDA), 29 U.S.C. 401 *et seq.*; section 1209 of the Postal Reorganization Act of 1970, 39 U.S.C. 1209; and the provisions relating to standards of conduct for labor organizations in the Civil Service Reform Act of 1978 (CSRA), 5 U.S.C. 7120, and the Foreign Service Act of 1980 (FSA), 22 U.S.C. 4117. OLMS is now an office within OAW headed by the Deputy Assistant Secretary for Labor-Management Standards.

As a result of this reorganization, it is necessary to make a number of technical amendments to the Department's regulations.

First, the authority citation for each part in chapter IV of title 29 of the Code of Federal Regulations is amended to replace "Secretary's Order No. 3-84 (49 FR 20578)" with "Secretary's Order No. 2-93 (58 FR 42578)." Second, the definition of "Assistant Secretary" is changed from "Assistant Secretary for Labor-Management Standards" to "Assistant Secretary for the American Workplace." Third, the definition of "Office of Labor-Management Standards" is revised to state that it is part of the Office of the American Workplace. Fourth, references to OLMS "Area Administrators" are changed to "Regional Directors" to reflect the change in the title of those positions. Finally, the definitions of "Regional Director" and "Director" are revised to add a reference to the Office of the American Workplace.

In addition, a number of technical corrections have been made regarding the authority citations. First, the authority citation for part 401 has been
